“Representing Quality Engineered Products Since 1984”

AURA Gas Controls	Precision Pressure Regulators for gas & liquids with metal to metal seals for high leak integrity LumiShield™ inert & anti-corrosive technology; Lifetime Warranty with good deliveries
BADGER Meter, Inc. (Racine)	Flow Meters: Magnetic, Turbine, Disc, Piston; Impeller Meters; Wireless Flow Transmitters Control Valves (½” to 2”) RESEARCH & ORION®; Batch Control Systems
EASTECH Badger	Ultrasonic Flow Meters: Open-Channel/Effluent, Strap-on; Parshall & Manhole Flumes
EATON Filtration (Hayward) (Ronningen Petter)	Strainers: Simplex, Duplex, Wye & Fabricated; Automatic Self-Cleaning Strainers Absolute Bag Filtration Systems (To 0.5 Micron); Custom Vessels; Replacement Bags Mechanical Self-Cleaning Filter Systems (MCF/DCF) down to 25 Micron Backwashable/Tubular Filter Systems (AFC) to 1 Micron
ENERAC	Portable Combustion Analyzers for boilers, kilns, engines; O ₂ , CO, CO ₂ , NO, NO _x , SO ₂ , Printer
GASTRONICS	Gas Detection: Toxic & Combustible Gases; Telemetry Systems via Licensed Radios; PLC
HAYWARD Plastics	PVC/CPVC/PP/KYNAR Valves – Ball, Butterfly, Diaphragm, Solenoid; Actuator options
HAWK Measurement	Acoustic Wave Transmitters for Liquid & Solids Level; ORCA Sonar Level for Density Interface Level Switches: Microwave, Admittance, Conductivity, Vibration, & Rotary styles
MTS Systems Corp.	Magnetostrictive Liquid Level: +/- 0.001” for Custody Transfer use; NO Calibration needed Analog or Digital styles up to 70 ft.; Level, Interface, & Temperature outputs from 1 device
PENBERTHY (Div. of Pentair)	Flat Glass & Tubular Level Gauges; YARWAY - Boiler Level Equipment & Alarm Switches Multiview™ Magnetic Sight Gauges & Switches for Liquid Level; Sight Flow Indicators Jet Pumps, Tank Mixing Eductors & Automatic Injectors
Practical Instrument Electronics (PIE)	PIE Calibrators for Thermocouples, Rtds, V, mV, mA, & Pressure w/unique Diagnostics Single and Multi-Parameter Portables, 3-Year Warranty; Recalibration of ALTEK units
RKI Instruments	Gas Detection: Portable Units for Confined Space Entry, VOCs, and Testing of Equipment Fixed Systems for single & multi-point detection; Cal Gases; Replacements for GasTech
RONAN	Display Products: Solid-State & Serial Input Annunciators; Sequence of Events Recorders
ROSEMOUNT (Emerson Process Management)	Liquid Analyzers (pH, ORP, Turbidity, Conductivity, DO); Wireless; Process Gas Analyzers Combustion Analyzers: Oxygen (O ₂), CO, NO _x , & Opacity; Process Gas Chromatographs Authorized Distributor for Rosemount Temperature & Pressure Transmitters; CEMS Systems
SIERRA Instruments	Thermal MASS Flow; Ultrasonic Strap-on Meters – Fixed & Portable; Flow/Level Switches Vortex MASS Flow Meters: Inline & Insertion; Capillary MASS Flow Meters & Controllers
THERMO Ramsey	Belt Scales, Weighfeeders, Loss-in-Weight; Level Switches: Tilt, Rotary, Capacitance “C-Level” Tank Weighing; BOB Level Gauges; Impact Flow Meters; Moisture Probes
WARREN Controls	Globe Control Valves (1/2” - 12”); E-Ball Rotary Valves (1” - 8”); Lever Valves, Vac Breaker Bronze, Cast Iron, CS, 316SS, Special Alloys; Pressures to 740 psig, Temperatures to 800F
Wyatt Engineering	Venturi Flow Tubes for High Accuracy & “Lo-Loss”; Sizes 4 – 48”; ASME Code Stamped Both Flanged and Insert styles available, in all available materials; Orifice Plates

DISTRIBUTOR ARRANGEMENTS

ARGO GAS	Calibration Gases for Analyzers; Custom Blended Chromatograph Gases Complete, Portable Kits with carry case, bottles, regulator, and tubing
Blancett Turbines	Turbine flow meters for oil & gas, hydraulic fracturing & mining; Gas & Liquid use; Wide range of digital displays
BRAY CONTROLS	Butterfly Valves (1" - 72") in wafer, lug, & flanged; CI, SS, PTFE Resilient Seated & High Performance; Manual, Air & Electric Actuated Ball Valves: CS & SS, ½" to 12"; Multi-Port valves; Up to 10,000 psig
EATON FILTRATION (Wright-Austin)	Gas/Liquid Mechanical Separators for Air, Gas, or Steam Flows Filter/Separators; Coalescers; Exhaust Heads; Drain Traps
KAYDON Corp.	TURBO-TOC® Lube, Hydraulic & Turbine Oil Conditioning Systems FilterDyne® Vacuum Distillation; Replacement Elements
MOORE Industries	Temperature Sensors, Transmitters, Signal Conditioners & Isolators; I/P Transducers; Alarms, Displays & PID Controllers; Remote I/O Systems
NOSHOK	Pressure Transducers, Gauges, & Digital Switches; Manifold Valves Bimetal Thermometers; Electric Solenoid & Needle Valves (316SS)
O'Brien Corp	TRACEPAK Pre-insulated Tubing Bundles; Electric or Steam Traced; VIPAK & HEATPAK Enclosures, Sun Shades, SADDLEPAK Stands
PRECISION DIGITAL	Digital Process Displays & Trident Panel Meters; MeterView Software
ROTORK	Electric Actuators for control valves, both on/off & modulating
VAISALA	Transmitters for Instrument Air Dew Point, CO2, Relative Humidity Moisture Measurements in Natural Gas & Liquid Lube Oil Systems
Watts/POWERS	Self Operating & Pneumatic Control Valves for Industrial & HVAC

COMPANY OVERVIEW

Seltech, Inc. was founded in December 1984, in Tulsa, OK as a Manufacturer's Representative. Our mission is to offer high quality products from companies that are technical leaders in their fields and produce innovative equipment to solve industry's problems. Seltech's Sales Engineers are factory trained to consult with customers and to assist in product specification, purchase, installation, startup, and training of plant personnel. We have several Mechanical Engineers on staff and our time for sales and service assistance is typically included in the competitive cost of our equipment. Our goal is to become a vital partner in our customer's daily operations.

In December 1990, growth in the Arkansas market fueled the expansion of a Little Rock, AR branch office to serve customers in Arkansas, western Tennessee, and northern Mississippi. We believe that Service and Dependability along with Quality equipment are the keys to our future success and growth. Our office is set up for a 7 day/24 hour response to a customer's need for technical assistance.

Please feel free to call and discuss your next process control, environmental monitoring, or filtration-related application with us. We look forward to working with you and your company in the years to come.
